

Backup Natural Gas Generator Set

Deutz TBG620V12K 1050 kW Natural Gas Gen Set
 Location: United States

SUMMARY

A major retail complex in the Eastern United States needed powerful and reliable backup power to protect against severe weather and other unforeseen power outages.

CHALLENGE

The specifications called for a zero hour, sound attenuated natural gas generator.

SOLUTION

IMP provided a custom designed and packaged generator set that fit the criteria. It was shipped and installed as a backup unit.

Specs

Equipment:
 Generator Set Capacity of 1050 kW, 60 Hz, 480 V
